LEGAL STATUS

Purpose, Scope and Controlled Use

Professional services scope, deliverables, responsibilities, milestones and acceptance.

This document has been populated with CertaMaris standing business, platform, security, privacy, AI and commercial positions. It remains a reusable execution template because the actual counterparty, transaction, fees, dates, signatures, jurisdictional corporate particulars or other deal-specific facts vary by engagement. Those fields must be completed before execution.

CertaMaris standing facts used by this document

- Service model: negotiated business-to-business contracts; no consumer or self-service signup model is assumed by these documents
- Platform: browser-based B2B maritime cybersecurity, compliance, assurance, risk-intelligence and operational-resilience SaaS platform
- Customer owns Customer Content; CertaMaris receives only rights needed to provide, secure and support the Services.
- High-sensitivity cyber posture and vessel/facility technical content is treated as Customer Confidential Information.
- Security reporting: security@certamaris.com
- Procurement/legal-document requests: <https://certamaris.com/contact?intent=procurement>

Transaction-specific fields intentionally left for execution include the actual CertaMaris legal entity and formation jurisdiction (if not already established in the Order Form), counterparty identity, addresses, signatory names/titles, signature dates, commercial scope/fees, and any negotiated governing-law or venue choice.

TERMS / NOTICE

Operative Provisions

CertaMaris-specific standing content for this controlled release.

1. Project Overview

The applicable instrument states objective, background and governing agreement. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

2. Scope of Services

This section describes included professional services and explicit exclusions. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

3. Deliverables

The applicable schedule lists reports, configurations, assessments, workshops or other outputs. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

4. Milestones and Schedule

The applicable transaction documents set dates, dependencies and sequencing. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

5. Customer Responsibilities

Customer will use the Services lawfully and in accordance with the Acceptable Use Policy; provide accurate scope, evidence and instructions; maintain rights and lawful bases for Customer Content; safeguard its own identities, endpoints, vessel/facility systems and integrations; review findings and AI-assisted outputs before reliance; and independently decide and validate corrective actions. CertaMaris supports assurance workflows but does not replace class, flag, port-state, legal, engineering, navigation, emergency-response or operational-safety authority.

6. CertaMaris Responsibilities

The applicable transaction document identifies project-management and delivery obligations. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

TERMS / NOTICE

Operative Provisions

CertaMaris-specific standing content for this controlled release.

7. Assumptions and Dependencies

The applicable instrument states assumptions that may change timeline or fees. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

8. Fees and Expenses

Fees, subscription scope and billing frequency are stated in the applicable Order Form. Invoices are due Net 30 unless the applicable Order Form states otherwise. Overdue undisputed amounts may accrue a late charge at the lesser of 1.5% per month or the maximum rate permitted by law. Customer is responsible for applicable sales, use, VAT and similar transaction taxes other than taxes based on CertaMaris's net income, subject to valid exemption documentation. CertaMaris may suspend affected Services for unpaid undisputed amounts after 10 days after written notice for nonpayment of undisputed amounts, to the extent permitted by the Agreement.

9. Acceptance

The applicable agreement or schedule defines acceptance criteria, review window and deemed acceptance if used. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

10. Change Control

Require signed Change Order for material scope/timeline/fee changes. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

11. Security and Data Handling

The applicable instrument states environment access, evidence handling and return/deletion expectations. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

12. Project Closure

The applicable agreement or schedule defines completion, outstanding issues and handoff. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.
