Product / Legal

APPROVER

Executive Management

DOCUMENT PURPOSE / KEY MESSAGE

Defines additional terms for preview, beta, labs or experimental functionality that may change, be discontinued or have different support/security characteristics.

EFFECTIVE

Upon authorized execution

CLASSIFICATION

CONFIDENTIAL - LEGAL

LEGAL STATUS

Purpose, Scope and Controlled Use

Special terms for experimental, preview, labs and pre-general-availability features.

This document has been populated with CertaMaris standing business, platform, security, privacy, AI and commercial positions. It remains a reusable execution template because the actual counterparty, transaction, fees, dates, signatures, jurisdictional corporate particulars or other deal-specific facts vary by engagement. Those fields must be completed before execution.

CertaMaris standing facts used by this document

- Service model: negotiated business-to-business contracts; no consumer or self-service signup model is assumed by these documents
- Platform: browser-based B2B maritime cybersecurity, compliance, assurance, risk-intelligence and operational-resilience SaaS platform
- Customer owns Customer Content; CertaMaris receives only rights needed to provide, secure and support the Services.
- High-sensitivity cyber posture and vessel/facility technical content is treated as Customer Confidential Information.
- Security reporting: security@certamaris.com
- Procurement/legal-document requests: <https://certamaris.com/contact?intent=procurement>

Transaction-specific fields intentionally left for execution include the actual CertaMaris legal entity and formation jurisdiction (if not already established in the Order Form), counterparty identity, addresses, signatory names/titles, signature dates, commercial scope/fees, and any negotiated governing-law or venue choice.

TERMS / NOTICE

Operative Provisions

CertaMaris-specific standing content for this controlled release.

1. Preview Feature Definition

The applicable transaction document identifies eligible features and designation. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

2. Optional Participation

The applicable instrument states opt-in or separately authorized participation. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

3. Permitted Data

The applicable agreement or schedule defines allowed/prohibited data classifications. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

4. Feature Changes and Discontinuation

Reserve right to modify or discontinue preview features. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

5. Support and Availability

No public uptime or service-credit guarantee applies unless a signed Order Form or SLA expressly provides one. CertaMaris will use commercially reasonable efforts to operate the Services reliably. Support channels, severity targets, maintenance windows and any service credits are contractual only when stated in the applicable Order Form or SLA. Service levels exclude circumstances outside CertaMaris's reasonable control, customer systems or misuse, third-party outages not under CertaMaris control, planned maintenance, force majeure and preview/beta features unless the SLA states otherwise.

6. AI / Automated Features

The applicable instrument states provider, retention, training and human-review restrictions if applicable. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

TERMS / NOTICE

Operative Provisions

CertaMaris-specific standing content for this controlled release.

7. Feedback and Evaluation Data

The applicable agreement or schedule defines use of feedback and telemetry. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

8. Confidentiality

Each party will protect the other's Confidential Information using at least reasonable care and will use it only to perform or exercise rights under the Agreement. Customer vulnerability findings, network-zone maps, remote-access pathways, technical inventories, cyber plans and actual security posture are Customer Confidential Information. CertaMaris methodology, non-public product architecture, security materials and commercial terms are CertaMaris Confidential Information. Standard exclusions apply for information lawfully public, previously known without duty, independently developed, or rightfully received from a third party. Confidentiality duties continue for five years after disclosure or termination; trade secrets remain protected for so long as they qualify as trade secrets under applicable law. Required legal disclosures are permitted with notice where lawful.

9. Warranty and Liability

The applicable instrument states preview-specific limitations subject to governing agreement. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

10. Termination / Exit

The Agreement begins on the effective date stated in the applicable Order Form and continues while an Order Form remains in effect. Unless an Order Form states otherwise, a subscription renews for successive 12-month periods unless either party gives at least 30 days written notice before the then-current term ends. Either party may terminate for material breach not cured within 30 days after written notice for a material breach capable of cure; the payment cure period is 10 days after written notice for nonpayment of undisputed amounts.. CertaMaris may suspend access for material security risk, unlawful use, Acceptable Use violations, or nonpayment, using reasonable efforts to limit impact. Insolvency and other non-curable termination rights apply as stated in the Agreement and applicable law.

DOCUMENT CONTROL

Execution, Publication and Revision Record

Reusable records remain controlled; customer/counterparty signatures are completed only for the actual transaction.
