LEGAL STATUS

Purpose, Scope and Controlled Use

Delegation of contract-signing and legal authority template.

This document has been populated with CertaMaris standing business, platform, security, privacy, AI and commercial positions. It remains a reusable execution template because the actual counterparty, transaction, fees, dates, signatures, jurisdictional corporate particulars or other deal-specific facts vary by engagement. Those fields must be completed before execution.

CertaMaris standing facts used by this document

- Service model: negotiated business-to-business contracts; no consumer or self-service signup model is assumed by these documents
- Platform: browser-based B2B maritime cybersecurity, compliance, assurance, risk-intelligence and operational-resilience SaaS platform
- Customer owns Customer Content; CertaMaris receives only rights needed to provide, secure and support the Services.
- High-sensitivity cyber posture and vessel/facility technical content is treated as Customer Confidential Information.
- Security reporting: security@certamaris.com
- Procurement/legal-document requests: <https://certamaris.com/contact?intent=procurement>

Transaction-specific fields intentionally left for execution include the actual CertaMaris legal entity and formation jurisdiction (if not already established in the Order Form), counterparty identity, addresses, signatory names/titles, signature dates, commercial scope/fees, and any negotiated governing-law or venue choice.

TERMS / NOTICE

Operative Provisions

CertaMaris-specific standing content for this controlled release.

1. Entity Authority

This corporate template is designed to record authority without inventing CertaMaris's entity type, formation state, board/member structure or current signatories. The executing version must identify the actual legal entity and governing authority and must comply with its formation documents and applicable law. The resolution may authorize identified persons or roles within stated transaction/risk limits while reserving equity, financing, M&A, dissolution and other legally reserved matters.

2. Authorized Persons

This corporate template is designed to record authority without inventing CertaMaris's entity type, formation state, board/member structure or current signatories. The executing version must identify the actual legal entity and governing authority and must comply with its formation documents and applicable law. The resolution may authorize identified persons or roles within stated transaction/risk limits while reserving equity, financing, M&A, dissolution and other legally reserved matters.

3. Authorized Instruments

The applicable agreement or schedule defines agreements, orders, banking/filing documents and dollar/risk thresholds. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

4. Excluded / Reserved Matters

The applicable instrument states matters that remain board/member reserved. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

5. Dual Approval Requirements

The applicable agreement or schedule defines categories requiring second approval. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

6. Duration / Revocation

The applicable transaction documents set effective date, expiration or until revoked. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

Operative Provisions

CertaMaris-specific standing content for this controlled release.

7. Certification

Allow secretary/authorized officer certification. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

8. Recordkeeping

Update authority matrix and corporate records. CertaMaris and the counterparty will apply this requirement consistently with the Agreement, CertaMaris security and data-classification controls, and applicable law. Transaction-specific names, amounts, dates, territories, deliverables, approvals and jurisdictional choices are completed in the Order Form, SOW, schedule, notice or execution block as applicable rather than pre-populated in this reusable form.

9. Signatures

This instrument may be executed in counterparts and by electronic signature to the extent permitted by law. The CertaMaris signatory must be authorized under the company's then-current delegation of authority. Counterparty names, addresses, signatory names/titles and signature dates are completed at execution and are intentionally not pre-populated in the reusable template.

DOCUMENT CONTROL

Execution, Publication and Revision Record

Reusable records remain controlled; customer/counterparty signatures are completed only for the actual transaction.
